

Open Your HEART

On Giving Tuesday
November 28

Join with us as we continue to serve children and families in need in our community.

Your generous donations will provide necessary services, support and smiles. Funds raised by Assistance League of Pomona Valley remain in our community.

Annual Giving Campaign

Operation School Bell®

Operation School Bell provides new school clothing, books, jackets, jeans and toiletry kits to children in Kindergarten through 12th grade. These children are referred by local school districts. For many of these children, this is the first new clothing they will own.

Dental Center

The Dental Center provides emergency and preventative dental care to children referred by local school districts. These children come from low income, working families who receive no public assistance and have no dental insurance. An average of 1500 treatments are provided annually.

Assault Survivor Kits®

Basic clothing and toiletries are distributed to assault victims through our partnership with Project Sister.

Your generous support will make such a positive difference in the lives of many children in our community.
